RIDE SAFELY AND COURTEOUSLY

STOP

Probably the single most important thing a bicyclist can do to earn greater respect on the road is to obey stop signs and traffic signals.

BIKEWAY 99

Phase I (Completed)

Phases II, III (Completion 2012-13)

LEGEND

Bike Paths (Class I)
Paths are seperated facilites designed exclusively for the use of bicycles and pedestrians. May have minimal cross flow from motorists.

Bike Lanes (Class II)
Lanes are restricted right-of-ways designed exclusively for the use of bicycles with vehicle parking and cross flows by pedestrians and motorists permitted.

Bike Routes (Class III)
Routes are right-of-ways designed to provide shared use for bicycles, pedestrians, and motorists. Routes may be simply designated by a sign.

Connector (Class IV)
paved / unpaved
Connectors provide links between paths, routes, and lanes. Connectors are unmarked and may not provide adequate space for bicycles, pedestrians, and motorists.

Bus Routes
Transit routes served by B-Line. For specific stops and travel times see www.BLineTransit.com. Maps available on each BLine bus.
