

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-3a  
6' High Barrier  
Photosimulations - Location A**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-3b**  
**8' High Barrier**  
**Photosimulations - Location A**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option with timber barrier alternative.

**Simulation 2:** Roadway widening and concrete block wall design option with timber barrier alternative.

**Simulation 3:** Roadway widening and wooden fence design option with timber barrier alternative.

**Simulation 4:** Roadway widening and pre-cast concrete wall design option with bushes and timber barrier alternative.

**Figure 6-4a**  
**6' High Barrier with Timber Barrier Alternative**  
**Photosimulations - Location A**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option with timber barrier alternative.

**Simulation 2:** Roadway widening and concrete block wall design option with timber barrier alternative.

**Simulation 3:** Roadway widening and wooden fence design option with timber barrier alternative.

**Simulation 4:** Roadway widening and pre-cast concrete wall design option with bushes and timber barrier alternative.

**Figure 6-4b**  
**8' High Barrier with Timber Barrier Alternative**  
**Photosimulations - Location A**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-5a**  
**6' High Barrier**  
**Photosimulations - Location B**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-5b**  
**8' High Barrier**  
**Photosimulations - Location B**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-6a**  
**6' High Barrier**  
**Photosimulations - Location C**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-6b**  
**8' High Barrier**  
**Photosimulations - Location C**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Figure 6-7a**  
**6' High Barrier**  
**Photosimulations - Location D**

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

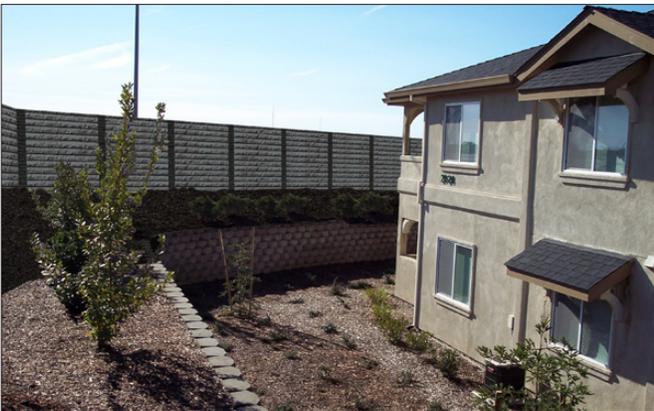

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-7b**  
**8' Hlgh Barrier**  
**Photosimulations - Location D**

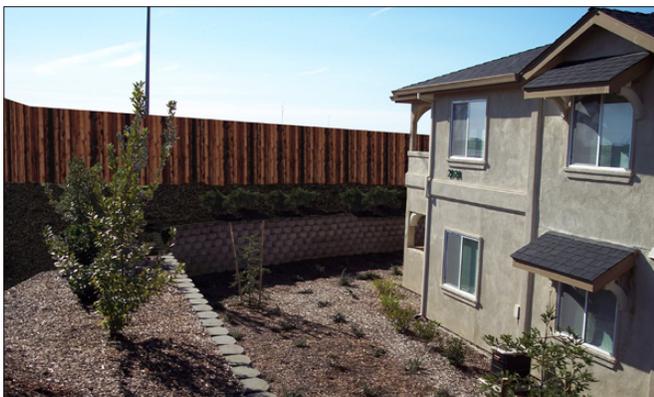

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-8a**  
**6' High Barrier**  
**Photosimulations - Location E**

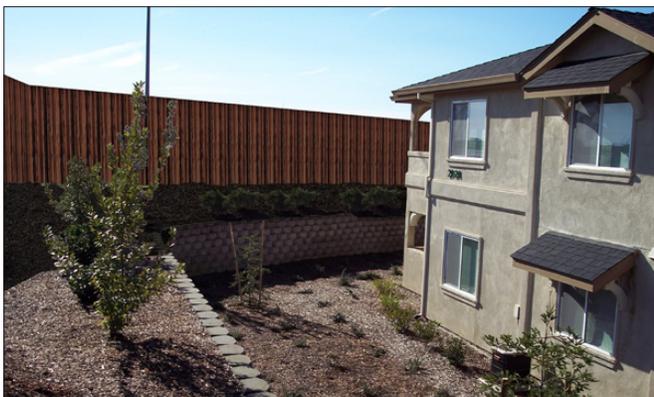

**Existing Conditions:**

**Simulation 1:** Roadway widening and pre-cast concrete wall design option.

**Simulation 2:** Roadway widening and concrete block wall design option.

**Simulation 3:** Roadway widening and wooden fence design option.

**Figure 6-8b**  
**8' High Barrier**
