SR32 Widening Project (Phase 1)

Volume 29

December 23, 2014

State Route 32 Widening Project (Phase 1) Weekly Update

Introduction

Following is the Twenty-Eighth (29th) Volume of the SR32 Widening Project (Phase 1) weekly update newsletter. The purpose of these updates is to share detailed information regarding scheduling and construction activities anticipated for the upcoming week. If you do not wish to receive updates, you may opt out by sending staff a quick e-mail with that instruction. Alternatively, if you know of other interested parties that would appreciate being added to the list, please send an email request to: update32@chico.ca.gov

Weekly Update Suspension Until further Notice

As a result of the winter holidays and the current wet weather, very minimal work will occur over the upcoming months. The work involved will be hardly noticeable and not affect the traveling public. Therefore we intend on suspending the weekly updates until such time that the weather and contractor's schedule permits the completion of the sound wall and landscaping items of work to proceed. We appreciate your patience throughout the life of the project and please feel free to contact us if you have any questions or concerns.

We would also like to wish everyone a safe and happy holiday season.

Safety Tips

- ✓ Drive slowly and carefully through the construction area.
- ✓ Be alert for construction workers and large equipment, such as backhoes, graders and trucks.
- ✓ Obey all construction signs and directions from traffic control flaggers.

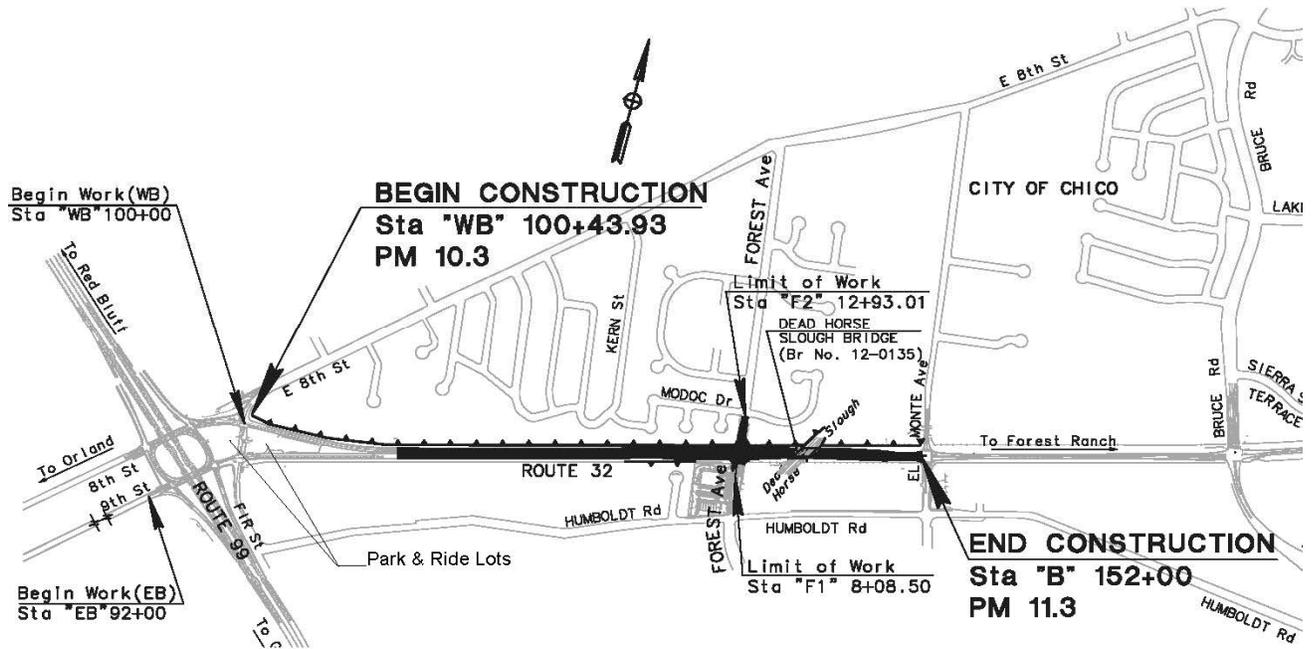

The City appreciates your patience and understanding during the project. Please feel free to contact City staff or the Contractor should you need additional information. The Contractor will notify residents & businesses at least 10 days prior to the commencement of any construction activities that may affect or is in the immediate vicinity of their property. For more information, please refer to the City Capital Project Services website at www.ci.chico.ca.us Pull down the Departments drop down menu and select Capital Project Services. The same web page can be accessed at the following link: www.ci.chico.ca.us/capital_project_services/home_page.asp
