 Spanish / Castillian (formal)     Chinese / Simplified     Vietnamese     Thai     Khmer

I **DO NOT WANT** to file a candidate statement.

Signature of candidate: \_\_\_\_\_

"Everything in the city is getting better" "The homeless and transient problem is improving" "Downtown Chico is on the mend". If you're like me, you have heard these pronouncements from our City Council and other city leaders for a number of years now and wonder what Chico they live in. The Chico I have lived in since 1978 has a downtown with constantly empty store fronts on Main Street and others. A downtown that my wife and ten-year-old daughter do not feel entirely safe in and a post office that you can't get to without being accosted for money or food by transients. Open at 10:00 instead of 8:00 as citizens have simply come to avoid it. Do you feel like you can go to the downtown 7/11 without transient harassment? I represent truth and change. If I get the honor of being your city councilman I will tell you, the citizens, the truth and not whitewash it with glossy BS statements. I believe the citizens of Chico deserve more for their tax dollars than pension funding and arguments over a few extra police. Let's not become a city like Stockton. Truth and Change. The no BS candidate – Jon Scott
