Station: Enloe Medical Center

1. Consider Cohasset for new medical bldg. growth. Encourage community to institute inner ring transport legs.
2. Make the TDM progress part of your plane tree sustainability committee. Include CSUC for partnership ideas on transportation.
3. More covered bike parking more incentives to bicycle/walk. Offer bike ed classes.
4. \$ incentives to employees for using alt trans.
5. Work on 5th Ave. between Magnolia and Arcadian, pot holes are awful!
6. There was lots of discussion regarding employee parking, but what about visitors and patients?
7. Valet parking, where, how many locations, near schools crossing the Esplanade?
8. Enloe Hospital: W. 5th, 6th, 7th and Magnolia Ave. are in terrible shape. Can these streets be patched or be reprioritized for earlier improvements.
9. Pedi-cab shuttles.
10. Visiting nurses should not be housed at the Victorian. The nurses steal cats and the doctors yell at people.
11. More incentives for employees to use the means of transportation like free bikes, tune-ups, check out new low employee tax incentive went into effect Jan. 1, 09.
12. What was learned from the shuttle service that might be useful in other situations? Would a perimeter parking with frequent pick up, and drop off work at other institutions long term?
13. Keep traffic from new parking garage off of E. 6th Ave.
14. Continue shuttle parking?? I heard that the parking structure is now full. What happens when construction is complete? Who parks there now? Where does public park?
