

This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits. This proposed benefit summary is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care.

In addition to dollar and percentage copays, members are responsible for deductibles, as described below. Please review the deductible information to know if a deductible applies to a specific covered service. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your Deductible has been met. Members are also responsible for all costs over the plan maximums. Plan maximums and other important information appear in *italics*. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

Explanation of Covered Expense

Plan payments are based on covered expense, which is the lesser of the charges billed by the provider or the following:
 PPO Providers—PPO negotiated rates. Members are not responsible for the difference between the provider’s usual charges & the negotiated amount.

Non-PPO Providers and Other Health Care Providers (*includes those not represented in the PPO provider network*)—The customary & reasonable charge for professional services or the reasonable charge for institutional services.

When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.

Calendar year deductible for all providers	\$250/member; \$500/family aggregate
Deductible for Anthem Blue Cross PPO hospital or residential treatment center	\$100/admission

Annual Out-of-Pocket Maximums

PPO Providers & Other Health Care Providers	\$3,000/member/year; \$6,000/family/year
Non-PPO Providers	\$10,000/member/year; \$20,000/family/year

The following do not apply to out-of-pocket maximums: deductibles listed above; non-covered expense. After a member reaches the out-of-pocket maximum, the member remains responsible for deductibles listed above, for non-PPO providers, costs in excess of the covered expense; amounts related to a transplant unrelated donor search.

Premier Plan Exclusions and Limitations

Not Medically Necessary. Services or supplies that are not medically necessary, as defined.

Outside the United States. Services or supplies furnished and billed by a provider outside the United States, unless such services or supplies are furnished in connection with urgent care or an emergency.

Crime or Nuclear Energy. Conditions that result from (1) the member's commission of or attempt to commit a felony, as long as any injuries are not a result of a medical condition or an act of domestic violence; or (2) any release of nuclear energy, whether or not the result of war, when government funds are available for the treatment of illness or injury arising from the release of nuclear energy.

Not Covered. Services received before the member's effective date. Services received after the member's coverage ends, except as specified as covered in the EOC.

Excess Amounts. Any amounts in excess of covered expense.

Government Treatment. Any services the member actually received that were provided by a local, state or federal government agency, except when payment under this plan is expressly required by federal or state law.
