NITRATE PROJECT SEWER CONSTRUCTION

Beginning Monday, August 26, and continuing through late September 2019, the City's contractor, R & R Horn, Inc., will be installing sewer lines along the north Esplanade between Leora Court and Mud Creek.

The project consists of, but is not limited to, the installation of a gravity sewer system, mains, laterals to property lines, and trench replacement (including driveway, sidewalk, curb, and gutter).

Local access throughout the project construction zone will be subject to traffic controls and temporary delays in order to accommodate construction crews and equipment. Drivers are encouraged to build extra time into their schedules or plan alternative routes to avoid the project area if possible. The City acknowledges the inconvenience and appreciates your cooperation and patience during this time. Residents and businesses are assured access to their properties at all times.

For questions or concerns regarding this project, please contact R & R Horn, Inc., at 530-342-8655, or City of Chico Construction Inspector Matt Gilbert at 530-879-6924.
