Narrative: Chico Police were called the 1300 block of Arbutus Ave in regards to an interrupted residential burglary. The suspect had pried open the side garage door to gain entry into the garage while the home owners were asleep. Once inside, the suspect took possession of a \$4,000 mountain bike. The suspect also put on the home owner's custom bicycle shoes, his bicycle helmet and filled a backpack with additional clothing. Hoaglund took the property from the garage to the resident's backyard and stole female under garments off the drying line. The home owner and his wife were awakened to Hoaglund attempting to lift the bike over their fence. The home owner yelled at the suspect who dropped the bike and fled on foot. The home owner gave chase as the two ran to the front yard and then northbound on Arbutus. The home owner caught the suspect at the corner of 5th and Arbutus where he detained him until police arrived. All of the property was recovered.

Chico Police have seen an increase in bicycle thefts, especially from homes. We would like to remind everyone to conceal your valuables by locking your doors, closing your blinds and making it difficult for thieves to see or gain access into your private property.
