

Table of Contents

Introduction	1
Purpose of the Plan	2
Relationship to Other Documents	3
Organization of this Plan.....	6
Existing Conditions.....	7
Local Context.....	7
Transportation Behavior	14
Transportation Network	18
Safety.....	30
Local Road Safety Plan Project Recommendations	47
Programs	53
Categories of Interest.....	55
Community Identification	55
Methods of Increasing Walking and Bicycling.....	61
Infrastructure Improvements.....	61
Policy Updates.....	65
Programmatic Strategies	68
Bikeway 99.....	73
Background.....	73
History.....	73
Existing Conditions	74
Current Gaps and Maintenance Needs	76
Improvement Recommendations	77
Successes in Recent Years	78
Recent Projects	78
Goals, Objectives, and Strategies.....	81
Policy and Planning Context.....	85
Equity, Diversity, & Inclusion (EDI)	86
Engineering.....	86
Education.....	87

Encouragement	88
Evaluation & Planning.....	88
Stakeholder Engagement.....	90
Community Workshop	90
Website.....	93
Online Mapping Tool.....	95
Online Survey	102
CATTAC	103
Stakeholder Engagement	103
Media Coverage	103
Non-Infrastructure Projects	104
Safe Routes to School.....	104
Transportation Demand Management.....	107
Behavior Change Strategies and Educational Programs.....	107
Encouragement Campaigns	109
Proposed Pedestrian and Bicycle Facilities	112
Infrastructure Improvement Types.....	112
Amenities.....	120
Wayfinding.....	130
Infrastructure Recommendations.....	133
Implementation Plan	135
Cost Estimates.....	135
Implementation Strategy.....	141
Project Priority	145
Priority Recommendations.....	147
Funding.....	150
Benefits.....	153
Safety Countermeasures	153
Induced Demand & Bicycle Mode Shift.....	154
Multimodal Connectivity.....	155

Table of Figures

Figure 1: Chico Vicinity Map	9
Figure 2: Land Use.....	10
Figure 3: 2019 Median Household Income (MHI) Map	13
Figure 4: Commute Mode Share.....	15
Figure 5: Travel Time to Work.....	16
Figure 6: Online Survey Results	17
Figures 7A, 7B: Existing and Planned Bikeway Network: On-Street and Separated	22
