

About the Citizens Police Academy...

The Citizens Police Academy is a twelve (12) week program designed to give participants an inside look at local law enforcement.

During the Academy students will be introduced to a variety of topics that will give them an overview of the Chico Police Department's functions and operational procedures.

Academy classes are presented by Police Department administrators, veteran department personnel, current police officers and volunteers. Participants may have the opportunity to meet with the Chief of Police and various other staff members. Students are encouraged to ask questions and express ideas and concerns.

Classes are held Thursdays from 6-9pm.

Message from the Chief of Police

Thank you for your interest in the Chico Police Department's Citizens Police Academy. In this academy you will learn the "how", as well as the "why", of what we do as your police department.

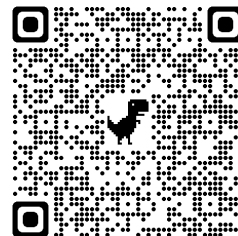

Community involvement in a police department is absolutely critical and valued. As such, the Citizens Academy provides an excellent way to get to know the department and the people who are committed to your safety.

The Citizens Academy provides you with an opportunity to join our Volunteers In Police Service (VIPs) program if you find you are interested in doing so. Our citizen volunteer group consists of dedicated men and women from the community who work in coordination with the department.

I encourage you to consider participating in the Citizens Police Academy, and believe you will truly enjoy learning more about your department and community.

Respectfully,

Chief Billy Aldridge
