Consultant shall be entitled, to the extent determined appropriate by Consultant, to subcontract any portion of the services to be performed under this Agreement. Consultant shall be responsible to City for the actions of persons and firms performing subcontract services. The subcontracting of services by Consultant shall not relieve Consultant, in any manner, of the obligations and requirements imposed upon Consultant by this Agreement.

**9.13 Term; Termination**

The term of this Agreement shall commence upon City's issuance to Consultant of a notice to proceed for all or a portion of the services, as hereinabove provided, and shall end upon City's acceptance and payment for all or such portion of the services as was authorized by such notice, including any and all retentions. Notwithstanding the foregoing, City may, in its sole discretion, terminate this Agreement at any time and for any reason whatsoever by giving at least

Upon completion of the CAP and associated documents, Consultant will configure its toolset, including Fiber Optic Network Design (FOND™), in accordance with these requirements. This will include any customization required beyond the configurations available in the SAS, SOS, and SSS.

Consultant will work with City to ensure the outputs from this configuration are as expected via testing it on a subset of the total service area, prior to going into full production of designs.

#### Deliverables:

- City CAP
- Sample design area
- Project outline, including high level schedule of deliverables
- Any applicable workflow or process documents

### Feasibility Level Design

Produce feasibility level designs (GIS format) with high level Bill of Material (BoM) to the standard set forth during the initial workshop.

This design will have minimal data processing and review and is intended to provide initial costing estimates for the area.

#### Deliverables:

- Feasibility level design for the entire service area
- Associated high level bill of materials (BoM)

### Data Preparation

Review and validation of the datasets to ensure auto-design can be performed. Consultant will furnish a report at the conclusion of this step that will outline any potential risks with any of the datasets provided to Consultant as well as how any specific fields are to be used or interpreted in the design process and suggest any corrective actions that may be applicable.

Data will be prepared and modified to fit Consultant's Standard Input Schema (SIS). The SIS describes the input files and fields used to generate fiber network design output. Some of these files and fields are necessary and make up the minimum input. Other files and fields are optional and provide more granular geographic information to allow the network design tool to improve overall design accuracy and reduce cost;

#### Deliverables:

- Data acceptance Report
- Cleaned dataset for Auto-design in SIS

### High Level Design (HDL)

Generate High Level Design/s using the data prepared in the prior step, in accordance with the architectural requirements set forth during Project Establishment and outlined in the City CAP. HLD/s will be delivered in accordance with the SOS or other output schema as identified during project establishment.

Review and iteration (if required) of the HLD/s. Up to 1 additional design iterations are included in the price. Architecture and design rules requirements are limited by Consultant's existing toolset configured during the Project Establishment. Any additional development is not included in this scope and may incur additional charges.

The HLD outputs are intended to be used for field validation purposes or costing calculations.

#### Deliverables:

- HDL for each project area in SOS complying with the architecture defined in the City CAP
- BoM for each project area

## Field Validation

Consultant or its subcontractor/s will, using Consultant's SWS, validate high level design (HLD) including:

- vault, splice enclosures, and equipment placement;

- constructability of suggested path;
- anchor and riser placements,
- and other aspects as agreed upon during Establishment.

Deliverables:

- HDL for each design area complying with the SWS

## Low Level Design (LLD)

Generate LLD utilizing the following inputs: field validation (e.g. capturing constructability constraints), City review notes, and any applicable third party review notes.

Low Level Design completion in line with architecture standards (including any changes or updates made to the City CAP) and in compliance with the defined output schema.

Using output from the Low Level Design, produce splice tables according to the Standard Splicing Specification document.

Upon completion of the Low Level Design and splice tables, produce Splicing images showing fiber connectivity throughout the network.

Deliverables:

- LLD for each project area in SOS complying with the architecture defined in the CAP and incorporation information captured during field validation
- Splicing csv
- Splicing images

## Construction Prints

Consultant or its subcontractor/s will use the LLD and splicing outputs to generate the construction prints in line with the standards set during the Establishment phase.

Deliverables:

- Construction prints for each associated project area

### INSURANCE PROVISIONS

#### General Liability Insurance

Consultant/Contractor shall obtain commercial general liability insurance (occurrence policy form) from one or more U.S. domiciled insurance companies licensed to do business in the State of California with an A.M. Best Company rating of “B” or better or, in the alternative, an unlicensed U.S. domiciled company or companies with an “A” rating, which provides coverage for bodily injury, personal injury and property damage liability in the amount of at least \$1,000,000 per occurrence, and \$2,000,000 in the aggregate, with a maximum policy deductible of \$5,000, or as approved by the City’s Human Resources and Risk Management Office.

It shall be a requirement under this agreement that any available insurance proceeds broader than or in excess of the specific minimum Insurance coverage requirements and/or limits shall be available to the Additional Insured. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any Insurance policy or proceeds available to the named Insured, whichever is greater.

The insurance coverage required herein shall be evidenced by a certificate of insurance with policy endorsements and shall be executed by an authorized official of the insurer(s). In addition to the limits of coverage described above, the certificate of insurance shall provide that the insurer shall provide to City at least 30 days prior notice of cancellation or material change in coverage, or 10 days prior notice of cancellation for non-payment.

Consultant/Contractor acknowledges and agrees that City of Chico, its officers, boards and commissions, and members thereof, its employees and agents, are covered as additional insureds with respect to any liability arising out of the activities of Consultant/Contractor as the named insured. Such additional insured status shall be evidenced by a policy endorsement executed by an authorized official of the insurer(s). A blanket endorsement which provides additional insured status to any person or organization with whom Consultant/Contractor, as named insured, has entered into a written contract, such as this Agreement, shall satisfy this requirement.

The insurance coverage required herein shall be primary and non-contributory insurance with respect to the City of Chico, its officers, officials and employees. Any insurance or self-insurance maintained by the City of Chico, its officers, officials or employees shall be in excess of the insurance afforded to the named insured by the insurance coverage required herein and shall not contribute to any loss. Such primary insurance status shall be evidenced by a policy endorsement issued by an authorized official of the insurer(s), and shall be at least as broad as CG 20 01 04 13. In the alternative, a letter issued by an authorized official of the insurer(s) and copies of the pertinent page(s) of the policy shall satisfy this requirement.

The limits of Insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess Insurance. Any umbrella or excess Insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of City of Chico (if agreed to in a written contract or agreement) before City of Chico's self-insurance shall be called upon to protect it as a named insured.

All self-insured retentions (SIR) must be disclosed to the City's Human Resources and Risk Management Office for approval and shall not reduce the limits of liability. Policies containing any (SIR) provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named Insured or City of Chico. City of Chico reserves the right to obtain a full certified copy of any Insurance policy or endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

#### Automobile Liability Insurance

Consultant/Contractor shall obtain automobile liability insurance from one or more U.S. domiciled insurance companies licensed to do business in the State of California with an A.M. Best Company rating of "B" or better which provides coverage for bodily injury, personal injury, and property damage liability in the amount of at least \$500,000 combined single limit for each occurrence. Evidence of such coverage shall be maintained by Consultant/Contractor and provided to City upon request.

#### Subconsultant/Subcontractor Insurance

Consultant/Contractor agrees to include with all subconsultants/subcontractors in their subcontract the same requirements and provisions of this agreement including the indemnity and Insurance requirements to the extent they apply to the scope of the subconsultant/subcontractor's work. Subconsultant/Subcontractor agrees to be bound to Consultant/Contractor and City of Chico in the same manner and to the same extent as Consultant/Contractor is bound to City of Chico under the agreement. Subconsultant/Subcontractor further agrees to include the same requirements and provisions of this agreement, including the indemnity and Insurance requirements, with any Sub-subconsultant/Sub-subcontractor to the extent they apply to the scope of the Sub-subconsultant/Sub-subcontractor's work.

A copy of the City of Chico Insurance Provisions will be furnished to the subconsultant/subcontractor upon request. Evidence of such coverage shall be maintained by Consultant/Contractor and provided to City upon request.

### Workers' Compensation Insurance

Consultant/Contractor shall, at Consultant/Contractor's expense, purchase and maintain in full force and effect workers' compensation insurance as required by Federal and State of California law. Consultant/Contractor shall also require all of Consultant's subconsultants/subcontractors to maintain this insurance coverage. Proof of workers' compensation insurance or other documentation acceptable to City evidencing such insurance coverage shall be provided by Consultant/Contractor or Consultant/Contractor's subconsultants/subcontractors to City upon request.

### Subrogation

Consultant/Contractor shall agree to waive all rights of subrogation against City for losses arising from Services performed by the Consultant/Contractor or Consultant/Contractor's subconsultants/subcontractors for City under this Agreement.

### Indemnity

Consultant/Contractor/Subconsultant/Subcontractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this agreement for the full period of time allowed by law.

The defense and indemnification obligations of this agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this agreement.

### Professional Liability Insurance

Consultant/Contractor shall obtain professional liability (errors and omissions) insurance, with a minimum \$1,000,000 limit, from one or more U.S. domiciled insurance companies licensed to do business in the State of California with an A.M. Best Company rating of "B" or better providing coverage for services rendered to City under this Agreement.

Said insurance coverage shall be evidenced by a certificate of insurance which shall be executed by an authorized official of the insurer(s). In addition to the limits of coverage described above, the certificate of insurance shall provide that the insurer shall provide to City at least 30 days prior notice of cancellation or material change in coverage, or 10 days prior notice of cancellation for non-payment.

### For All Required Insurance

In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled, at any time and no replacement coverage is provided, the City has the right to, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by the City shall be charged to and promptly paid by Consultant or deducted from sums due the City, at the City's option.
