**Proposed Detached Garages are to show a driveway leading from the Public Right-of-Way to the proposed Garage structure. Driveways are to be paved with an all-weather surfacing and provide storm drainage facilities subject to the approval of the public works director. All-weather surfacing shall be Portland cement concrete, asphaltic concrete, or double chip seal.*

Per the Chico Municipal Code, Section 19.70.060, Section L – Surfacing, "All off-street parking areas, including driveways and maneuvering areas, shall be paved with all-weather surfacing, and provided with storm drainage facilities subject to the approval of the public works director. All-weather surfacing shall be Portland cement concrete, asphaltic concrete, or double chip seal. Porous surface materials which may reduce stormwater runoff may be used subject to review and approval of the public works director."
