RE:

City of Chico Proposed Fee Schedule Changes

REPORT IN BRIEF:

In accordance with Budget Policy E.5, changes in the City's Fee Schedule are brought to City Council annually and incorporated into the budget approval process each year. At the May 3, 2022 City Council meeting, a Public Hearing was opened regarding amended fees. It was recommended by the City Council to bring the fees increased using the Construction Cost Index (CCI) back to the Finance Committee for further discussion.

Recommendation:

The Interim Administrative Services Director recommends that the Finance Committee approve the changes to existing fees requiring public hearing and forward its recommendation to the City Council for consideration.

FISCAL IMPACT:

Approval of the recommendation to forward fee adjustments to City Council will help ensure that the City is recovering its cost of providing services.

DISCUSSION:

The fees that are increased using the CCI are those fees that are to be used for City infrastructure, facilities, or new equipment to provide services to citizens. The CCI is calculated based on the increased costs of construction, including labor and materials, and the fees are increased proportionally to the index increase.

The increase in costs is calculated looking at the CCI index increase from March to March each year. The fee schedule originally proposed to the City Council included an increase of 15.15% using the March 2022 CCI. For comparison, the February 2022 CCI was a 9.58% increase from March 2021, and the May 2022 index a 16.67% increase.

Exhibit A - Proposed Fee Changes for FY2022-23 Subject to CCI Requiring a Public Hearing

Requests for certain fee increases are subject to procedural requirements as set forth in Government Code Sections 66016-66018, including notice and applicable public hearings. This schedule reflects applicable changes to those inflated by the CCI - 15.15%, which is based on the Engineering News Record Construction Cost Index for San Francisco at March 2022.

Exhibit B - History of Cost Index Increases

Includes data dating back to the 1970s showing the cost increases using the Construction Cost Index.

Barbara Martin.

Monthly Budget Monitoring Report

FIRE

(Dept. Name

Fiscal Year 2021-22 Monthly Report for the period ending: April 30, 2022

Department Contact: Steve Standridge, Fire Chief

Purpose: The purpose of the review is to identify any expenditure trends which would hinder a department's ability to meet their approved budget targets or to highlight any trends of interest for the governing body. Budget overages are monitored and controlled at the category level, not object (account) level. Therefore, the analysis considers the category level.

Overall Summary: The areas requiring explanation are listed below.

Items of Interest:

Item #1

Location:

Fund/Dept 001-400 - Fire

Expenditure Item:

Category 5400 – Purchased Services

Description:

001-400-5400 was incorrectly charged for a Subscription which should have come from 001-400-5050. A Correction Request form has been submitted to correct this. When the change is made the account will reflect

actuals.

Item #2

Location:

Fund/Dept 874-400 - Private Development - Fire

Expenditure Item:

Category 5400 – Purchased Services

Description:

This category is trending high due to high volume of activity. This Fund-Dept is fee based so there are revenues to offset overages. A supplemental

will be brought to City Council to increase the expense budget.
