Signature of candidate: 

JEFFREY S GLATZ CANDIDATE'S STATEMENT For City of Chico Councilmember

Hello, my name is Jeffrey Glatz, and I am asking for your help in making Chico a safer, more secure and promising community for its citizens and their families. To me, Chico has many assets, but its four most important assets are its brilliant and passionate people, the University, our vibrant downtown and our beautiful Bidwell Park. These "assets" need to be protected and nurtured. Our downtown and parks are no longer safe havens, our students are always on guard, our local economy needs more stimulus so that our citizens can thrive and prosper. Crime is rampant and our City is at risk. Chico can still have the heart of a small town in these trying times and we all need to work together to achieve this. Chico is a growing community, but that does not mean that we need to accept the social and criminal problems that can come along with that growth. I am a 15-year resident of Chico, I graduated from the University of Texas Business School with honors, have been a business owner and have consulted to Fortune 50 companies. I am 53 years old and I am asking for your vote.
