I am honored to have served as your City Councilor for the past four years. I look forward to serving another term to continue preserving and protecting Chico's unique community and culture. During my current term, I have worked collaboratively with fellow councilmembers to enact policies which have directly resulted in the City of Chico returning to financial solvency. My dedication to responsible development, public safety, affordable housing, and protecting our tree-lined streets has established me as a leader you can depend on to hear your concerns. As your City Councilor, I serve all citizens of Chico, honoring your opinions and remaining focused on the health and vibrancy of our community.

As a founding volunteer director of the non-profit Chico Youth Court, I create programs providing juvenile offenders a second chance. As a professional mediator and counselor, I work with all people productively and toward a common goal. As a mother, I am committed to ensuring that Chico remains a beautiful and safe community for our children.
