Chico is an amazing city with so much potential. I have been a longtime member of the community and community volunteer, I understand the improvements we need throughout our great city.

I am committed to continuously improving public safety, quality of life, community and economic development and community engagement.

Some of my priorities include: Strengthen Economic Development efforts by attracting and retaining businesses and nonprofits, greater support for startups, developing more jobs, and fostering conditions for sustainable growth.

Improve Public Safety by working closely with our public safety officials while looking for opportunities to increase our police and fire resources.

Enhance Residents' Quality of Life through strategic partnerships to increase public parking, greater support for the arts, fix our streets and sidewalks, and beautify our neighborhoods.

I'm proud to be running for City Council and look forward to earning your vote.
