*****MEDIA ALERT*****

PARK AVENUE TREE TRIMMING OPERATIONS

(Chico, CA – April 2, 2021) The City of Chico will be conducting tree trimming operations on over four hundred parkway and median trees along the entire length of Park Avenue from Main Street to Midway. This work will begin on Monday, April 5, 2021, and will occur during weekdays through Friday, April 23, 2021 from 7:00 a.m. to 4:00 p.m.

Local access throughout the project work zone will be subject to traffic controls and temporary delays in order to accommodate tree trimming crews and equipment. The City acknowledges the inconvenience and appreciates the public's cooperation and patience during this time. Residents and businesses will be allowed access to their properties at all times.

This tree trimming work is being conducted in advance of the Park Avenue 2021 Road Rehabilitation Project. The Public Works Department – Engineering Division Capital Improvement Project will include grinding and resurfacing of the existing concrete road surface, upgrading ADA facilities, and adding new bike lanes to the roadway.

For more information on tree management operations, please contact the Public Works Department - Street Tree Division at (530) 896-7801 or email Richie Bamlet, Urban Forest Manager, at Richard.Bamlet@chicoca.gov.

For media inquiries, please contact Lynda Gizzi, Public Information Officer, at (530) 896-7204.
