(Chico, CA – August 20, 2021 –) Beginning Monday, August 23, 2021, the City of Chico will reinstitute parking enforcement in the public parking lots located in downtown Chico. Metered parking enforcement in the downtown core was temporarily halted in March 2020 due to COVID-19 regulations in order to accommodate curbside pickup for dining and retail establishments.

Various payment methods are accepted dependent on lot location. Hours of parking enforcement for public lots are posted on lot signage.
