*****MEDIA ALERT*****

CLOSURE OF BIKE PATH OVER LITTLE CHICO CREEK

Local access on the bike path under the State Route 99 overpass at Little Chico Creek is temporarily closed, for continuing construction of the Little Chico Creek Pedestrian/Bicycle Connection at Community Park Project. The bike path is anticipated to reopen on July 15, 2022, pending any unforeseen circumstances.

The project includes the construction of a Class I bicycle path, a prefabricated clear-span bicycle/pedestrian bridge across Little Chico Creek, ADA parking, retaining walls and bike path lighting. Construction began in April 2022.

Pedestrians and bicyclists are advised to utilize an alternative route while the bike path is closed at this location. Signs showing the suggested detour will be in place for pedestrians and bicyclists.

The City acknowledges the inconvenience and appreciates the community's cooperation and patience with the closure during this time. For more information on the project, please visit the project webpage at [Little Chico Creek Pedestrian/Bicycle Connection at Community Park Project - City of Chico](#).

For media inquiries, please contact the Public Works Department Engineering department, at (530) 879-6900.
