*****MEDIA ALERT*****

PARKING LOT MAINTENANCE SCHEDULED FOR BIDWELL PARK

Chico, CA – (May 3, 2023) The winter rains have wreaked havoc on many of the gravel parking lots throughout Bidwell Park. Over the next few weeks, park staff will be re-grading and filling potholes starting with the Chico Creek Nature Center and parking lot B (Easter Cross) in Middle Park. To complete this work, the parking lots will need to be closed.

The Chico Creek Nature Center parking lot on East 8th Street will be closed May 5–7, 2023. Alternative parking will be available at Cedar Grove.

Parking lot B will be closed May 8–12, 2023. Alternative parking will be available at several lots in Middle and Upper Park.

The Parks Division appreciates the public's patience during these rotating temporary parking lot closures. For more information, please contact Linda Herman, Parks & Natural Resources Manager at (530) 896-7241.
